

# How to start the simulation

## Lab C – Particle Physics

1. Go to <https://remoteapp.tau.ac.il/> and run MobaXterm.

Alternative: download and install from

<https://mobaxterm.mobatek.net/download-home-edition.html>

2. Enter the server: within the console window, write the following commands,

**> ssh -XY user-name@gate.tau.ac.il**

The password is your tau password.

**> ssh -XY user-name@hpcssd.tau.ac.il**

The password is your tau password.

3. Now write,

**> singularity shell --bind /var/misc/phys /docker\_scratch/g**

**> cd /var/misc/phys**

**> ./gimel**
